Silitex × Sapirim — Meeting notes

Teams call · 16/10/2026 · 2 h 07 m
Dr. Federica Biti, Eleonora Pravato (Silitex) · Giorgio Lucchini · Avshi Sapir (Sapirim)

How to use: just click a box ☐ when a task is done, save, and reply with this file attached — or simply reply "done 1, 3". No login, no app needed.

✅ Silitex — your tasks

Done	#	Task	Owner / due
☐	1	IT review of portal + email filtering; send IT questions / protocol.	Silitex IT / Federica
☐	2	Present the Sapirim approach to the owners for approval.	Federica
☐	3	Send list of products to promote (best sellers) + cosmetics counter-type list (Dow, BRB).	Federica / Eleonora
☐	4	Send question list per application for sample requests.	Federica / Eleonora
☐	5	Agree product names for Israel.	Federica / Eleonora
☐	6	Check elastomer-gel equivalent (CXG-1104).	Federica / Eleonora
☐	7	Success stories, if available.	Federica / Eleonora
☐	8	Later: online sector trainings; introduction to owners.	Federica

✅ Sapirim — our tasks (for your information)

Done	#	Task	Owner / due
☐	1	Send the presentation as PDF (portal blocked).	Avshi
☐	2	Create WhatsApp group (Federica, Eleonora, lab) + send mobile.	Avshi
☐	3	Answer Silitex IT questions; propose whitelist or tools.silitex.it.	Avshi
☐	4	Check whether Israel still allows D5 in cosmetics → answer Federica.	Avshi
☐	5	Send NuSil CSF-3504 / CXG-1104 account details to Federica.	Avshi
☐	6	Propose private product-name scheme (prefix) for Israel.	Avshi
☐	7	Request next meeting when questions/feedback are ready.	Avshi

What we agreed

- Focus first on silicone fluids, personal care / cosmetics and antifoams.
- Food sector on hold for now — we revisit in about 6 months.
- No country-wide exclusivity at the start: step by step per sector, distinct product names for Israel.
- Communication: a WhatsApp group (Federica, Eleonora, lab) + short online technical meetings.

Open questions

- Does Israel still allow D5 in cosmetics? (Avshi → Federica)
- Is the biggest Israeli detergent producer tied to a licensor silicone supply? (Avshi)
- Elastomer-gel equivalent of CXG-1104? (Silitex lab)
- Portal / email whitelisting — IT decision and owners approval (Silitex)
